PLUMBING AND MAINTENANCE

COMPANY PROFILE JUNE 2019

Plumbing and maintenance
Procurement and services

General plumbing and maintenance specialist. Service excellence at competitive rates. B-B BEE level 2, 51% women owned.

Leak detection
Services and repairs

We have a dedicated crew for leak detection. We work with most insurance claims. We repair all resulting damage from leaks on approved quotes.

Commercial and insurance
Plumbing and maintenance

More than 20-years track record and experience in corporate, commercial and insurance plumbing and maintenance. Service next level!

Empowerment fund
Social Upliftment

Alone at home or single mom? We have lady plumber assistant to make you feel more comfortable while our plumbers are in site.

Eco solutions
Products, advice and services

We use green products to clean and treat drains, grease traps, toilets and urinals. We make use of a water saving device when repairing or replacing geysers.

Franchising
Business Opportunities

We have 5 franchises country-wide. Prime areas are still available for sale for a lucrative plumbing business. Inquire at info@amandlaplumbing.co.za
